

MENTAL EQUIVALENT

Align Your Inner Beliefs To Achieve Your Desires

ONLINE

Are you ready to:

Create a spiritual practice that supports you in manifesting more of what you would like to experience in your life?

Learn about the powerful law of Mental Equivalents.

For every formed thing in the universe, there is a corresponding mental image.

The mental equivalent is the magnet that draws to you what is lodged in your subconscious mind, whether it's something you desired or not. Your mental equivalent can always be expanded.

Discover the tools that allow you to expand your thinking into a larger mental image of your deepest desires.

During the class, our objectives are:

- Define the Law of Mental Equivalents
- Relate the Law of Mental Equivalents to the Creative Process
- Identify what you "want more of" and "less of" in your life
- Set an intention to move more clearly into what you "want more of" in your life.
- Determine willingness to take the leap into a state of true potential
- Evaluate obstacles and blocks getting in the way of an expanded mental equivalent
