

# Having Engaging Zoom Sessions

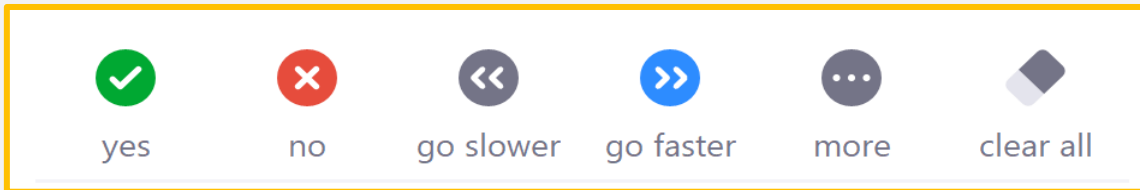

A short guide to effectively use Zoom features for an interactive session

## On a Laptop

- Once you login to a Zoom meeting, you can use the menu bar located in the **bottom of your screen** as below:

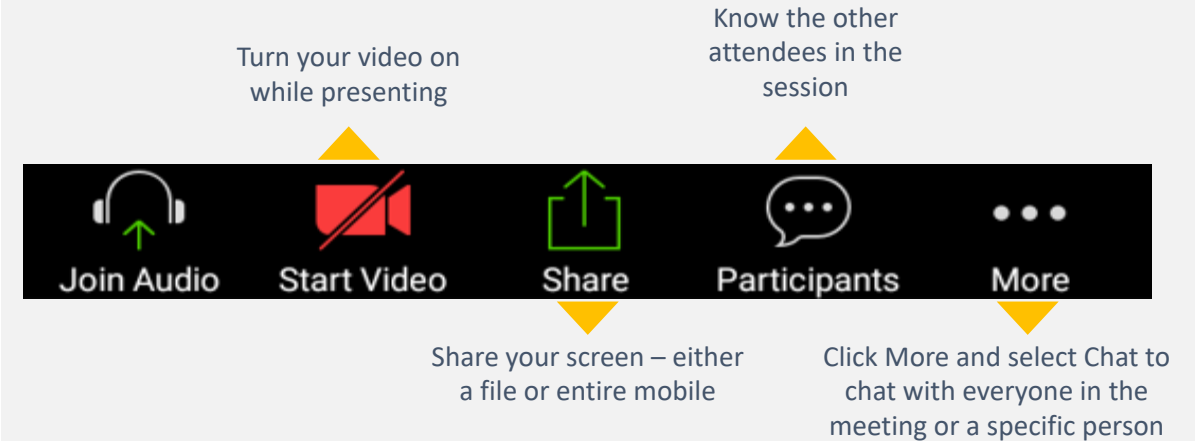

- In addition, **below the participant pane**, you will find multiple options as below to interact with presenters:

## On a Mobile Device

- Once you login to a Zoom meeting in mobile, you can use the menu bar located in the **bottom of your screen** as below:

- In addition, **below the participant pane**, you will find multiple options as below to interact with presenters:
